

# MARCOTHERM ANCORANTE CHIMICO T-BOND

## MARCOTHERM T-BOND CHEMICAL ANCHOR

Code TBOND

### DESCRIPTION

Polyester hybrid chemical anchor with Portland cement added to provide more resistance and durability to the polymer.

Styrene-free.

Excellent thixotropic properties, does not drip.

Resistant to aggressive substances such as acids and bases.

### APPLICATION

Product available in cartridges and can be used with any caulking gun.

Can be used on Poroton, double UNI, hollow brick, concrete, stone and solid brick.

Not suited for applications where there is contact with water and/or moisture

We recommend to use FISCHER FIS HN anchors with net sleeve or FIS HK anchors with plastic sleeve in applications on drilled substrates.

### CONDITIONS OF USE

When applying, the air and surface temperatures must not be below +5°C.

### STORAGE

Maximum storage temperature: +30 °C

Minimum storage temperature: +5 °C

Keep in a dry place away from sources of moisture.
